

AATO, OBEC & CSC Toronto Chapter Present a Joint, Full-Day Seminar

“THE GREEN DREAM”

“2030 CHALLENGE AND BEYOND”

AATO, OBEC & CSC Members, Other Association Members
and other Industry Related Non Members please take note:

On Wednesday, April 15, 2009 at the Old Mill Inn in Toronto, AATO, OBEC and CSC are pleased to bring you the second in the series of Green Dream Seminars.....

“The 2030 Challenge and Beyond?” an even more dynamic and thought provoking look at the real challenges facing “green and sustainable building” as we approach the middle of the 21st century and we search for alternative sources of energy as fossil fuel dries up for good.

This Full Day Seminar brings you a faculty of some of the leading minds in the industry who have focused their intensive knowledge and expertise on taking up the challenges of climate change and sustainable architecture. There will also be an opportunity for a lively discussion with the faculty members at the end of the day.

Members, Associate Members, Manufacturers, Suppliers and Contractors who currently have a “green” offering in their portfolios should seriously consider the sponsorship opportunities offered. This will be a high profile event with plenty of exposure.

All the information you will need to know about the event; the program, who the faculty members are, sponsorship opportunities and registration details can be found on the AATO website:

www.aato.on.ca

The AATO Council (Board of Directors) look forward to welcoming everyone and hope to see you there!
