

BSSO®

OBEC is dedicated to promoting the highest level of Building Science education in the industry. The **BSSO (Building Science Specialist of Ontario)** designation recognizes those who meet the strict educational and practical requirements set forth by the BSSO Advisory Board. This designation has become the benchmark qualification of Building Science practitioners.

BSSO EXAM APPLICATION

Eligibility Requirements

To become eligible to receive a BSSO Designation, a member in good standing of OBEC, who has met the professional experience requirements, must also successfully completed the following Professional Exams offered by The Ontario Building Envelope Council which include:

- Building Science Theory
- Building Envelope Systems
- Materials & Mechanical Systems

A minimum final exam mark of 65% must be achieved in each of the above-noted exams.

Learning Objectives

Learning objectives for each exam can be found on the OBEC website at [LEARNING OBJECTIVES](#). Please be sure to review this material carefully in order to fully prepare for the exam. The website also includes links to courses and reference materials to assist with your preparation.
