MARCH 9
2016**

Case studies of RVRS design; Use of Light Weight Panelized Construction in Multiple Projects

THE PRESENTATION WILL COVER:

- typical design, including German DIN standard for ventilated facade
- examples of panel types, their size, weight, and compare them to alternates
- large scale case study: Parliament Street Data Centre with thermally broken ceramic facade
- medium scale case study: Durham College
- small scale case study: Custom house

SPEAKER: BLAIR DAVIES, P.ENG ENGINEERED ASSEMBLIES

Blair has grown businesses working with and for designers in technical products for 25+ years. He leads Engineered Assemblies growth plans in sales, market and product planning. Blair brings a practical sense of what can be done based on technical, construction, manufacturing and engineering experience, including a UWaterloo Civil Engineering background. Blair has a keen sense of networking and strategy and uses these abilities to reach out to people who can help to grow Engineered Assemblies' value for Customers.
